

MID SEASON REVIEW 5.1.12

- 1st Grade – 7th (Goal top 4)
- 2nd Grade – 5th (Goal top 6)
- 3rd Grade – 10th (Goal top 6)
- 4th Grade – 3rd (Goal top 8)
- U24's – 9th (Goal Premiers)
- Club Champs – 7th (Goal top 6)

2nd and 4th Grades are really setting the standard for the club. I have been most impressed with the change in attitude and results from 2nd Grade. Going from cellar dwellers last year to 5th at the mid way point is outstanding. 4th grade, with a mix of youth and experience have been the most consistent team this year – keep up the great work! 1st Grade has some critical matches coming up and 3rd grade in certainly not out of the hunt of making the top 6. Expecting the 24's to also finish the season strong after some below par performances early on.

Season	Centuries	50's	Duck's	5 Wickets
2010/11	4	33	148	9
2011/12 YTD	5	19	68	12

Half way through the season and we have already had 5 individual century makers. Nutty scored 2 of the centuries last year so there we only 3 individual century makers in 10/11. We need to be hungry for runs and not satisfied with starts and 50's. Push on and make big scores! Blokes who make starts and then throw their wickets away are more detrimental to the teams performance then guys that get a good ball first up and get out cheap.

We must value our wickets. 68 ducks already for the season is not acceptable. Make it a goal not to get out for a duck and at least get a start to your innings.

The other positive factor is we have had bowlers take 5 wickets on 12 occasions already this season compared to only 9 times in the full 10/11 season. Again don't settle for 2 or 3, push on and be hungry for 5.

Don't forget about our Momentum Makers vs Momentum Breakers

Training

I have been impressed by the application shown at training by those regularly attending. While numbers have been down at times, it has been good to work with the players that are committed to training and improving their skills.

We will continue with the batting pairs format of throw downs, net session and 50 catches. Take ownership and personal responsibility for this – I don't want to have to remind people every week. You will only get out of it what you put in. Make the throw downs specific to what you want to work on and make the catches challenging.

Wicket Keepers need to work together and continue with the drills we learnt from the keeping session. Repetition, repetition, repetition is the key with keeping. You guys set the standard for your teams in the field – therefore you also need to set the standard for fielding at training also.

Fielding Drills – I have appreciated groups running their own drills and showing some initiative. Keep this up! You spend the most amount of time in the game of cricket fielding, so hence you should practice it a lot. We will continue to run drills that develop a broad range of skill sets required in the field.

B – Belief: Must believe in your own abilities and that of your team. Belief breeds confidence.

U – Uncompromising: We don't give in, don't give up and don't back off when on top.

L – Leaders: Leadership is influence – nothing more, nothing less. What influence can you have within your team, in a game, on the next ball?

L – Loyal: All for one, one for all. Put Team and Club above personal achievement and gain.

S – Success: Is achieved by putting the above into practice and striving to reach the goals of the club and our own individual goals!

TOP PERFORMERS

BATTING:
